

Commissioners of Works and Buildings to act in that case in conjunction with the other official referees, s. 10.

**ARCHITECT OR BUILDER** of 1st rate buildings of the 2nd class, and of all buildings of the 3rd class, to give notice to the official referees according to the form (No. 6) in the Schedule of Notices, or to the like effect; that all the walls of any building over which they have control are built to their full height, and all the timbers of the floors, roofs, and partitions are fixed:—within 7 days after such notice, the official referees shall survey the same, and shall within 7 days after survey certify to such architect or builder their approval, or if any part of the walls, timbers, roof, or internal supports appear to such official referees defective, insufficient, or insecure, then within the said 7 days after such survey they are to give to such architect or builder notice of such parts as shall so appear to them defective, insufficient, or insecure, which notice must be in writing;—and upon the receipt of such notice it shall be the duty of the said architect or builder to amend and strengthen such defective, insufficient, or insecure parts;—and during or within a period of 7 days after notice has been given to the official referees that such works have been amended or strengthened as aforesaid, it shall be the duty of the official referees and they are hereby required to inspect the same, or in default thereof the said parts may be covered up;—and upon completion of every such building it shall be the duty of the architect or builder to give fresh notice to the official referees, according to the form (No. 7) in the Schedule of Notices, or to the like effect;—and thereupon, or within 7 days after such notice, it shall be the duty of the official referees to survey the same; and if upon such survey it shall appear that such building has been built sufficiently strong, and is sufficiently set in its base, then within 14 days after such survey it shall be their duty to certify accordingly, which certificate must be under their hands and the seal of office of Registrar of Metropolitan Buildings;—and until such certificate shall have been made, or until 14 days after such survey shall have elapsed without the official referees having given notice in writing that they are not satisfied, it shall not be lawful to use such building for any purpose whatever, without the express authority in writing of the official referees under their hands and the seal of office of the Registrar of Metropolitan Buildings, s. 15. See Penalty for use.

**ARCHITECT OR BUILDER** to give notice to the official referees before the builder begins to build any building comprised in Schedule B, Part I. (See Superintendence, &c.); and also, at the same time, to transmit for their inspection the plans, elevations, and other drawings which have been made for the same;—and forthwith the official referees shall proceed to survey the situation of the intended building, to ascertain whether such building can be erected on such situation with due regard to the security of the public;—and from time to time the official referees shall inspect the same to ascertain the sufficiency thereof; and if such building or any part thereof appear to such official referees defective, insufficient, or insecure, then they are to give to such architect or builder notice of such parts as shall so appear to them defective, insufficient, or insecure, which notice must be in writing;—and upon the receipt of such notice the architect or builder shall amend and strengthen such defective, insufficient, or insecure parts;—and within 7 days after such notice has been given to the official referees that such works have been amended or strengthened, the official referees shall inspect the same, or in default thereof the said parts may be covered up;—and upon completion of such building the architect or builder shall give fresh notice to the official referees;—and within 7 days after such notice the official referees shall survey the same; and if upon such survey it shall appear that such building has been built sufficiently strong, then it shall be their duty to certify accordingly under their hands and the seal of office of Registrar of Metropolitan Buildings;—and until such certificate shall have been made, or until 14 days after such survey shall have elapsed without the official referees having given notice in writing that they are not satisfied, it shall not be lawful to use such building for any purpose whatever without the express authority in writing of the official referees under their hands and the seal of office of the Registrar of Metropolitan Buildings; and if before the certificate of satisfaction shall have been made, or if such 14 days shall have elapsed without the notice in writing being given as aforesaid, any such building shall be used for any purpose without such express authority, then on conviction thereof before two justices of the peace, the occupier or other person by whom such building shall be used shall forfeit for each offence a sum not exceeding 100*l.* for every day during which such building shall be so used without having obtained such certificate of satisfaction or such express authority as aforesaid, s. 16. See Penalty for use.

**AREA** of building, to be determined by the number of squares contained in the surface of any base which shall contain the greatest number of squares at or above the principal entrance to such building; including in such surface all the external walls and party-walls belonging to such building, but excluding from such surface the area of any attached building, or office, area, balcony, or open portico.
